

BioStudy Guide

Dixon

Chpt. 10

Name _____

Period _____

*Use classnotes, your textbook, and class materials to research the following topics below. You will see questions related to these topics on the test. Do not write on this page but use notebook paper to record the information. (10 pts.)

Topics	Pgs.
gametes	259
genetics	259
heredity	259
fertilization	259
cross	260
alleles	262
genotypes	264
homozygous	264
phenotype	264
heterozygous	265
dihybrid	265
Punnett Square	266
chromosome	269, 270
diploid	269
haploid	269
homologous	270
meiosis	271-275
zygote	271
crossing over	272
Prophase I	272
tetraploid	279
